

Patti Sue passed away peacefully on March 25, 2016 in upstate New York, leaving behind her three sons, Richard, David, and Michael, six grandchildren, and her husband, Stuart. As an emergency room nurse and friend to many wild and domestic animals, Patti Sue had a passion for taking care of others. One of her family's favorite photos is of Patti Sue feeding a wild bear at her property in New York. She enjoyed gardening, cooking, painting, drawing, science, mysteries, ice cream, and everything about nature. Patti Sue will be remembered for her sense of humor and the amazing impact she had on so many.
